CiDELEC

CIDELEC polysomnograph

LISTENING TO UNDERSTAND BETTER

Fast

Transfer time in 40s.

Compact

The smallest polysomnograph, the size of a credit card and weighing 90g.

Tireless

Unstoppable, with more than 24 hours of autonomy.

Efficient

A minimum of consumables, for the planet and for your wallet.

Customizable

A custom configuration in accordance with the recommendations of the AASM and the SFRMS.

Infallible

Turn your recording failures into successes with CIDELEC technologies.
